HTML, CSS, JavaScript, MERN/MEAN, TypeScript, Vue, Git & GutHub, C++ etc

Personal Summary

A driven, goal-oriented individual that has the ability to stick to long-term projects and enjoys the opportunity to do something difficult (probably what attracted me to coding in the first place). I pride myself in having a high work ethic and being able to give tasks 100% at all times. Since leaving self-employment last year I have dedicated myself to becoming a self-taught developer.

Work History

Web Developer - (Aug 2022 - Ongoing)

After leaving self-employment I have been teaching myself to code using Codecademy from which I have been learning multiple languages and frameworks. A summary of these would be HTML, CSS, JavaScript, React, Angular, Express, Next.js, TypeScript, Git among others. I have used all of these technologies on personal projects and/or technical tests, all of which can be found on my GitHub or my portfolio website which are linked in the header.

Self-employed - TKO: HQ (Aug 2020 - July 2022)

Roles and Responsibilities

- Bookkeeping, marketing, customer acquisition and retention.
- Planning training schedules for group classes and clients.
- Management of athletes during camp i.e. diet, training, weight cut etc.

Achievements

- 38k turnover during the first year despite lockdown and government restrictions.
- Athletes competing in a European competition.
- Advert filmed in our facility for an energy drink owned by Bruce Buffer, MC for the UFC.

Sales Manager - Better Gym, Southwark (Mar 2018 - Jan 2019)

Roles and Responsibilities

- Customer acquisition and retention through various methods of lead generation. This would include pipeline management via a CRM.
- Creating and implementing new sales processes for new and current employees.
- Creating and securing corporate contracts with surrounding businesses such as ITV, BT, TalkSport and Southeastern Rail.

Achievements

- Always exceeded monthly targets as set by my Regional Manager.
- Exceeded one monthly target by over 200%
- Able to pitch and implement a new process to our Directors in order to streamline our sales process.

Qualifications

7 GCSEs A-C

A-Level Media Studies: B

A-level Film Studies: B

A-level Art: C

Hobbies and Interests

In my spare time I enjoy playing video games, reading, watching TV shows with my partner, but most of all I enjoy training MMA. I have also created the "Hire-a-noob" discord server for junior developers. It currently has just over 50 members.
